

Puppet Pattern

Materials: Tube sock; 3" (7.5cm) styrofoam ball, cardboard toilet tissue tube (paper towel) cut into 2' lengths (5cm). Yarn scraps of felt, glue eyes (15mm).

Dye socks: Dark Brown - Ritz
Dye

Procedure: Spread glue around edge of tube and gently shove into Styrofoam ball and run glue around inside tube (it takes several hours to dry completely) If tube will not go into ball without crumpling use the point of scissors to make a shallow hole in the ball the size of the tube. Place ball and tube into the toe of sock. Tie yarn around neck.

Insert hand into sock, placing index finger in cardboard tube. With a pencil or scissors cut holes for your thumb and middle fingers..

To make wigs cut 2 pieces of cardboard about 11^{1/2} or 12 inches long 6 inches wide tape together on sides leave ends open. Wind yarn around about 44 - 46 times. Not too tight tie on each side in the middle cut between cardboard on each end. Makes 2 wigs

Glue wig and place on head. Pin to ball until dry. Approximately 1 - 1^{1/2} hours. Put robe on glue top edge in place. Glue headress on and pin until dry. (1 - 1^{1/2} hrs.).
