

Youth Small Groups

Effectively reaching youth through small groups

KNOW THEM

- A)** Have a prayer list with your students names, interests, and prayer requests. Pray for them.
- B)** Get to know them (ask them questions, spend time with them before and after church).
- C)** Greet them and know their names.

PREPARE

- A)** Read the lesson/message throughout the week (including the Bible passages, discussion questions, etc).
- B)** Students know when we prepared. Our preparation tells them that they are important to us.
- C)** If the lesson doesn't seem deep enough, then make it deeper by personal prayer and study!

BE IN CHARGE OF YOUR GROUP

- A)** Always in a spirit of love and relationship.
- B)** Never allow talking when another student is sharing.

INVITE PARTICIPATION

- A)** Be careful to not take up all the time.
- B)** Encourage all of the students to participate.
